To Whom It May Concern:

"Be the Dinosaur: Life in the Cretaceous" was hosted by Rochester Museum & Science Center from February 5, 2010 to May 4, 2010. It was an attractive, popular exhibit that held up well for its run here. I hated to see it leave.

Mark Kirby, Operations Director of Eureka Exhibits, LLC assumed responsibility for setting up the exhibit and working on the exhibits components. He went the extra mile to insure that everything was in good working order before the show opened. The exhibit was virtually trouble free.

Mark was easy to work with and was well liked by Exhibits Department staff. I enjoyed working with him. I look forward to working with him sometime down the road.

Should you desire additional information, I can be reached at (585) 271-4552, extension 335.

Sincerely,

A handwritten signature in black ink that reads "Lois R. Shaffer". The signature is written in a cursive style with a long, sweeping underline.

Lois R. Shaffer
RMSC Deputy Director, Design/ Exhibit Services
